A NEW RAILROAD.

Colorado Soon to Have Another Outlet to the Pacific Coast.

A Company Formed of Denver and Trinidad Capitalists.

Articles of Incorporation Filed with the Secretary of State.

The Chicago, Rock Island and Pacific Backing the Enterprise.

A New Railroad

DENVER, February 20.—The articles of incorporation of the Colorado and Pacific Railway company were filed with the secretary of state yesterday. The incorporators are Charles J. Hughes, Geo. M. Dunn and Geo. E. Ross Lewis of Denver and E. D. Wight and C. Burch of Trinidad. The capital stock is $1,000,000. The company proposes to construct a road from Trinidad, Las Animas county, in a westerly direction, following the course of the Las Animas or Purgatoire river to the South Fork of the Las Animas river, thence along the South Fork and through the San Francisco pass to the state line dividing Colorado and New Mexico, and from there to the point where the Costilla wagon road crosses it in a westerly direction from Fort Elizabethtown and Trinidad wagon road, thence in a westerly direction by the most feasible route to San Francisco via Taos, New Mexico.

In spite of the positive assertions to the contrary, there is much reason to believe that the Rock Island is at the back of the enterprise. Some time ago Costilla pass was surveyed by a Rock Island party, and several other Rock Island surveying corps have been out at various points along the proposed new line. The Rock Island is known to have aspirations in the direction of California and it would not be at all strange if the new line should be connected with the line at Liberal, Kas.

Fifteenth Congress.

SENATE.

WASHINGTON, February 20.—Among the executive documents presented in the senate today was one from the department of the statistics of marriage and divorce in the several states.

Among the memorials presented and referred was one from the Nevada legislature asking for a suspension of the suits against mining corporations and individual miners for cutting timber from government land for firewood, mining and domestic purposes. Also one from the California legislature as to Chinese immigration.

The committee on public lands reported the senate bill for the relief of settlers in Hettinger county, Dakota, which was passed. The bill authorizes the exchange of lands on which homestead settlements have been made by mistake for other public lands with the Northern Pacific railway.

Stewart offered a resolution, which was referred to the committee on contingent expenses, continuing the select committee on Pacific railroads until the indebtedness of all the companies to the government shall be adjusted, and instructing the committee to examine personally, during the recess of congress, the books of the companies and the country through which they pass, for the purpose of ascertaining the ability of the companies to pay such indebtedness and how it can be best adjusted as to advance the development of the country through which the roads pass and afford to the inhabitants reasonable fares and freight rates.

The senate resumed consideration of the sundry civil appropriation bill.

All the amendments reported from the committee having been acted upon the senate took up the amendment relative to the printing of government work by steam plate printing machines at the bureau of engraving and printing. The amendment allows as a royalty for the use of the machines fifty cents per thousand impressions, instead of one cent, as provided by the house. It also strikes out the provision of the bill on that subject and substitutes for it the following: And unless the patentees of said steam presses shall accept the rate per thousand sheets herein provided, said presses shall not be used by the government after the close of the present fiscal year.

A long discussion ensued, which was interrupted by the presentation by Platt of the conference report on the bill for the division of South Dakota as a state and for the organization of the territory of North Dakota.

The clerk read the substitute agreed upon by the conference looking to the admission of states of North Dakota, South Dakota, Montana and Washington.

When the reading was concluded a message from the house announcing the agreement by the speaker of the direct tax bill was laid before the senate and the bill having been first signed by the president, it was immediately sent to the president.

The consideration of the conference report was resumed.

After a long discussion a vote was taken and the report agreed to without division.

A message from the president transmitting the report of the secretary of state and the correspondence touching the case of Lord Sackville was presented and referred to the committee on foreign relations.

Hawes moved to proceed to executive business, stating that his purpose was not special legislation.

A motion to adjourn was interposed by Allison and carried—yeas 39, nays 11.

HOUSE.

Immediately after the reading of the journal, Cassidy cut out the direct tax bill. Caswell of Iowa called up the conference report as a matter of privilege.

Cassidy objected to the consideration of the report and stated that while he was willing to give precedence to appropriation bills he would insist on the consideration of no other measures except the contested election cases.

The house determined by a vote of 134 to 93 to consider the report.

Mr. Randall of Massachusetts moved a reconsideration.

Kelley moved to table the motion to reconsider.

The motion to table the motion to reconsider was approved—yeas 150, nays 77.

Stewart [illegible]

After a long debate the conference report was agreed to.

Spooner presented the conference report on the bill for the division of Dakota.

The report agreed to in conference provides for the admission of North Dakota, South Dakota, Montana and Washington.

[illegible] the amendments made with the senate of Oregon to sign the report. He would not attempt however to enter into any argument against the bill but would allow the house to vote upon the report without debate.

The report was then adopted and a message from both sides of the chamber.

The speaker then proceeded to clear the table of executive, commerce and senate bills.

Bartell's motion, the sentiment of the friends of the Cowles bill, objected to any disposition of this business which could in any way interfere with the consideration of that measure.

The house then went into committee of the whole on the appropriation bills.

Little progress had been made when the committee rose and the house took a recess until evening.

At the evening session of the house it passed the following bills:

The senate bill to create a port of delivery at Port Angeles, Puget Sound, Washington territory.

The senate bill providing for a more secure establishment in the way of a lighthouse at Head Lobit, Calif., and for a bridge across Young's bay, Oregon.

The senate bill for a life saving station at the mouth of Coquille river, Oregon.

Anderson, of Iowa, called up his resolution calling upon the inter state commission for information respecting the meeting of railroad presidents in New York in January last and the contracts or agreements entered into at that time. He said the agreement was unlawful and the meeting an unlawful conspiracy.

White of New York said that this Fourth of July "high falutin'" attempt to reach for fame was useless, and that unless his strength failed the resolution would not pass the house, with the few members present.

Anderson declared that the question was whether or not the railroad presidents and bankers did hold the meeting and draw up the reported agreement, and whether the commission snubbed and [illegible] it.

The previous question was ordered on the adoption of the resolution, but White raised the point of no quorum, and the resolution was withdrawn.

The house then, at ten o'clock, adjourned.

Parnell Commission.

LONDON, February 20. Before the Parnell commission this morning the cross examination of Houston, secretary of the Irish Loyal and Patriotic union, continued. The witness said he destroyed Pigott's letters to him according to an agreement between them. The witness did not attempt to secure any means of testing the genuineness of the letters. He did not try to get the names of the men from whom Pigott got them. His part was done when he burned the letters. He had no means whatever of testing any part of Pigott's story which he regarded as proved especially as newspaper reports of a dispute between Parnell and American extremists to some extent confirmed Pigott's account that the letters were left in a bag found in a room in Paris. The witness saw Mr. Stead, the editor of the Pall Mall Gazette, before he obtained possession of the letters and asked him to take up the matter which would lead to disclosures. Stead said he lost £700 by the publication of the "Modern Babylon" articles and did not care to touch anything else unless he was sure it would be successful. When the witness visited Paris he had no genuine specimens of either Parnell's or Egan's writing. He accepted the letters solely on Pigott's word. "If," said the witness, "Pigott had been merely or fraudulently given to attempt to commit perjury, my action would have assisted him. But I do not admit that he was either. Pigott's interview with La Bouchere shook my faith in him, and therefore my mind was not easy until he had signed a sworn declaration." The witness further said that he might have told Stead that Sexton and Dillon were implicated in the Phœnix park murders but if he did so it was on the authority of a statement made by Eugene Davis to Pigott, a copy of which was produced by witness. He did not know where the original was. Two days before the commission opened Pigott wrote Houston an abusive letter demanding that after giving his testimony before the commission he should be given £700.

Schilling's Petition.

WASHINGTON, February 20.—The foreign relations committee of the senate to day reported back the petition of Lewis Schilling with the recommendation that it lie on the table. Schilling, it will be remembered, asserted that he had been thrust into prison and maltreated by the Mexican authorities and complained that the secretary of state refused to press his claim on the Mexican government. The effect of the committee's recommendation will be to dispose of the Schilling case entirely by allowing it to remain enacted upon by congress.

Waiting Scene.

INDIANAPOLIS, February 20.—There was an exciting scene in the state senate this morning when the republicans claimed that they were subjected to gag rule. Senator Johnson protested against this and the sergeant at arms threatened to remove him. The republican senators gathered around Johnson and defied the sergeant at arms. A general conflict seemed imminent but quiet was finally restored. It is rumored that all the republican senators will resign and thus leave the senate without a quorum.

Goes into Effect.

NEW YORK, February 20.—The new trunk line agreement went into effect today. It is designed to meet the position taken by bankers and western railroad presidents and largely increase the power of arbitrators and take a decided step toward securing the co-operation of the roads in the work of the inter state commission.

Sympathy with the Pope.

TORONTO, February 20.—In the Quebec legislature last night Trudell created a sensation by giving notice of a resolution of sympathy with the pope and praying a suggestion that Queen Victoria be urged to use her influence to restore the temporal power of the pope. The motion was subsequently withdrawn it is supposed under pressure from the premier.

Quicker Mails.

CITY OF MEXICO via Galveston, February 20.—Arrangements have been perfected for a quicker and more frequent mail service between the United States and Mexico via Laredo. It is reported that Huller has settled with the International Colonization company and will be liberated immediately.

CABINET GOSSIP.

Morrow of California Among General Harrison's Visitors.

His Call Renews Conjecture as to a Pacific Coast Member.

Judge Estee Still the Leading Candidate From the Slope.

Miller, Harrison's Law Partner to be Attorney-General.

Morrow's Conference.

INDIANAPOLIS, February 20.—Congressman Wm. W. Morrow, of California, had a long conference with General Harrison to day and the consequence is a general remodeling of cabinet slates. The interior department is being awarded to the slope with Estee as the probable winner. As a consequence General Noble's name is not regarded with that certainty that surrounded it last evening. No one here has yet been able to satisfy himself as to Governor Rusk's selection and in view of his geographical proximity to Windom and Thomas it is considered exceedingly probable that the war office may be tendered to some eastern man and General James H. Wilson, of Delaware, is mentioned in this connection. As to the situation in New York nothing reliable is known and doubts are being cast upon Warner Miller's acceptance of the department of agriculture. The belief is fast settling into conviction that the next attorney general will be W. H. H. Miller. His selection is being connected by nearly all the best posted people but not from political reasons.

California to be Left Out.

INDIANAPOLIS, February 20.—The most interesting phase of the cabinet speculation now prevailing is the impression that the Pacific slope is going to be left out. Until within the past few days it has been generally believed that California would certainly be represented, but a recent publication of a completed cabinet with California omitted has given rise to many conjectures as to the cause. The generally accepted theory is that it is due to factional strife and too many ambitious aspirants whose friends are entirely too ready to privately make detrimental charges against [illegible]. M. Estee was regarded as having the best chance of being called, and it is by no means regarded as settled that either his name or some other Californian's will not finally be decided upon. General Harrison preserves his accustomed reticence about this as all other cabinet matters. Congressman Morrow of San Francisco arrived from Washington this morning and proceeded immediately to the Harrison residence. He came to urge that the Pacific slope be recognized. He had hinted in his eye, so to speak, when he left for Harrison's house and the suggestion that California would be left out brought from him a quiet protest.

Talor Calls on Hay.

INDIANAPOLIS, February 20.—Among the callers on General Harrison this afternoon was ex Senator Talor from Colorado, who had a brief talk with the general. He is enroute to Europe with his family. He says he is opposed to Windom going into the cabinet, and said a word endorsing Thurston for the interior.

California Is Left Out.

WASHINGTON, February 20.—Senator Stanford to day presented in the senate a resolution adopted by the legislature of California endorsing the action of congress and the president in the enactment of the Scott Chinese exclusion bill, and asking a rigid enforcement of it and additional effective legislation if necessary.

Will Not be Formed.

CHICAGO, February 20.—The appearances to night are all but decisive that the proposed inter-state commerce railway association will not be organized. The committee appointed to obtain the signatures of the five dissenting companies reported to day that the Illinois Central positively refuses to join and the Wisconsin Central would join only on condition that the Burlington and Northern signs. Nothing has been heard from the latter company. It was then proposed in effect to at least make a show of perfecting the agreement with such companies as had already signed. This was agreed to and a committee was appointed to make such changes of detail as might be necessary with a view to a failure to obtain the assent of certain companies. This committee will report to-morrow. Meantime, the erstwhile advocates of the agreement are busy pointing out that its virtual failure does not amount to so much after all and that the agreement of the western freight association covers practically the same territory, is much more binding, and is being lived up to.

[illegible]

PHILADELPHIA, February 20.—An overheated stove in the dry goods and notion store of Isidor Horn at 915 South street caused a fire to-night which resulted in the loss of two lives although the financial loss is insignificant. In the third story of the building lived Max Schwartz, a notion peddler, with his wife and three daughters. Schwartz ran to one of the windows and jumped to the ground escaping without any injury worth mentioning, but his wife and her baby were suffocated before they were able to reach a place of safety, and their bodies were afterward excoriated by the flames.

Bayard on Klein.

WASHINGTON, February 20.—Secretary Bayard was to day shown the associated press despatch from Berlin, in which it is stated that the Cologne Gazette says that Germany will demand that the United States government arrest and punish Klein, the American correspondent. The secretary said that it was the first he had heard of it. He added he did not know of Klein's existence until he was informed of it by the Germans and said that he had referred all correspondence received by him in regard to Klein to the senate committee on foreign relations.

The Hartford Disaster.

HARTFORD, Conn., February 20.—Another body supposed to be that of Night Clerk Perry was taken out of the ruins of the Park Central hotel this morning.

HARTFORD, February 20, 11:30 p. m.—Medical men after further examination are satisfied that the charred pieces of flesh and bones found near those of Mrs. Whiting are portions of the body of her husband, Mr. Andrew F. Whiting, secretary of the Hartford Life and Annuity [illegible]

French Cabinet Making.

[illegible]

Attorney Murders.

ASHLAND, Wis., February 20.—One of the most atrocious murders on record occurred at Upson this morning. A laborer named Joseph Brogan killed his wife and two children aged five and seven and then committed suicide with a dull razor. Brogan drank heavily and had a heated quarrel with his wife this morning. He finally attacked his wife with a razor and nearly severed her head from her body. The little boys awoke and were both horribly cut by the raving father who then cut his own throat.

Famine in Corea.

NEW YORK, February 20.—A dispatch to the associated press from Hugh Dinsmore, the American consul general at the capital of Corea, says that a terrible famine prevails in the southern portion of Corea. The people are reduced to the last extremity and many are starving. The need of assistance is urgent and relief funds should be called for. Any funds transmitted to Dinsmore will be promptly devoted to the relief of the sufferers.

Adverse Reports.

WASHINGTON, February 20.—The house committee on agriculture has decided to report adversely the bills introduced last session to punish dealings in futures in agricultural products and to prohibit options and gambling transactions in the price of articles produced by American farm industry on the ground that congress has no jurisdiction over the matter.

Town Almost Destroyed.

SANTA ROSA, Cala., February 20.—The town of Guerneville with a population of 500 was almost entirely destroyed by fire to-day. All the business portion of the town was burned to the ground and but few residences remain. The fire started from a defective flue in a hotel and spread rapidly. Several buildings were blown up in order to check the flames but to no avail. The total loss is estimated at between $300,000 and $400,000.

Contest for Ass. 1 To.

WASHINGTON, February 20.—The senate committee on public lands to day considered the bill providing that public lands now subject to private entry shall in the future be disposed of only under the provisions of the homestead laws. It was decided to non-concur in the house amendment and to agree to the conference asked for by the house.

"A Fringe of Trouble."

NEW YORK, February 20.—A Russian prince, George Eristaff de Gorke, was arrested this morning charged with grand larceny for pawning a sealskin coat which he had bought and failed to pay for. A number of pawn tickets were found on him. This is the prince who followed Mrs. Frank Leslie about London and wanted her to marry him.

Weather Indications.

WAR DEPARTMENT,
WASHINGTON, D. C., Feb. 20, 10 p. m.

Indications for twenty four hours commencing Thursday, Feb. 21, at 7 a. m.

For Colorado—Fair, followed by snow; warmer, variable winds.

In an advertisement in this morning's GAZETTE Messrs. W. L. Conant and J. E. Newton announce that they have purchased the Sessler & Son stock of groceries and will hereafter conduct the store under the firm name of Conant & Newton. Mr. W. L. Conant, one of the most experienced grocerymen in the city, will manage the affairs of the firm, and Mr. Newton will continue to give his attention to his lumber and other business interests. The new firm announces that it will keep a full stock of staple and fancy groceries and the well-known reliability and business qualities of its members will soon establish a splendid trade for them.

The comic opera, "The Little Tycoon," which will be presented at the opera house next Monday evening by the original company, was written by Mr. Willard Spenser, who personally supervises its production. It is an admirable satire on the tendency of the present age to fawn on the nobility of other nations. The opera is remarkably bright and tuneful, the action is graceful and laughable, and the humor is as rippling and pure as the delicious melodies which follow each other in rapid and charming succession. To see such an opera presented by a company in which all the females are young, pretty and capable, and the male members good vocalists and competent artists, is indeed refreshing.

There was a largely attended meeting of the carpenters of the city at the city hall last night for the purpose of taking steps to organize a carpenters union. Mr. W. P. Moffatt was elected temporary chairman and Mr. L. A. Heiting temporary secretary. A committee of twenty was appointed to procure a charter from the national association and to arrange for completing the organization. The meeting adjourned subject to the call of the committee.

The concert to be given next Tuesday evening to aid in removing the debt of the Mozart Choral society promises to be of unusual merit. Mrs. Lovering the soprano soloist, is the leading soprano of Trinity church choir of Denver and has a voice of rare sweetness and power. Signor Sabrinski is said to surpass Joseffy as a pianist and the male quartette comprises some of Denver's best amateur talent.

The warm weather of the past few days revived the spirits of those interested in the foot ball match on the 23d between the home team and the Denver University team. The game will be called at 2:30. Tickets may be had at Bell's and Robinson's drug stores and the Midland Cigar store. Secure your seats and avoid the rush.

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!
Only 3 Blocks from The Antlers Hotel!
Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16 inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from a scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $350

To $1,000 a full size lot 50 by 190 feet do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages ACROSS THEM, giving each cottage a neat, pretty little yard, and easily rent them, owing to the location, etc.,

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mess Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $400. They bear very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Butt's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

CALL EARLY! BUY SOON!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have *to Pay an Advance.*

Mr. E. E. Mackey, representing the contracting firm of Smith, Gillett & Co., of St. Joseph, Mo., has been in the city for some days. Mr. Mackey last week put in a bid to construct the Manitou cog wheel road to Pike's Peak at the rate of $1.25 per square yard.

Mr. Fred G. Goetzman, chief draughtsman of the Colorado Midland road, has resigned his position, to take effect March 1st. Mr. Goetzman has been in the employ of the road ever since it was begun, having helped make the first drawings. He expects to remove to Rochester, N. Y., where he will engage in business. Mr. and Mrs. Goetzman's many friends in Colorado Springs would prefer to have them remain in the city, but will wish them unbounded success wherever they may go.

A very important business change occurred in this city on the 9th instant. Mr. M. H. Wilbur retired from the dry goods and carpet establishment of Giddings Brothers & Wilbur, and Mr. Judson Bent succeeded him in the firm. The name of the firm will hereafter be Giddings Brothers & Bent. The new firm starts out under the most favorable circumstances. The Giddings brothers are widely known as successful business men, while Mr Bent is a long time resident of Colorado Springs, and brings to the firm acknowledged business ability and personal integrity. The new firm will continue the business at the old stand but with a much larger and finer stock of goods than ever. Mr Lou Giddings is now in New York selecting the stock of spring goods, which will be one of the most complete ever brought to the state

The Boston Herald has the following about the Mendelssohn Quintette club who will appear at the opera house Friday evening: "An eminently musical audience filled Chickering hall last evening, on the occasion of the first appearance here, since her return from Europe, of Miss Alice Ryan, daughter of that veteran labor in the musical world, Mr Thom Ryan, founder of the Mendelssohn Quintette club Miss Ryan had the assistance of the members of her father's organization, which, as made up for the present season, includes Herr Wilhelm Ohliger, solo violin and concert master, Mr. Manassa Adler, solo violin; Mr. Thomas Ryan, solo clarinette and viola, Herr Fritz Schlachter, viola and violoncello, and Herr Anton Hekking, solo violoncellist. She has a very pleasing mezzo soprano voice, and in its use shows that she has inherited the keen musical instinct, rare good taste and much of the skill of her father. Her tones are faultlessly true and correctly produced, and there is much in her vocal work to give enjoyment and satisfaction Miss Ryan certainly charmed her audience and gained a recognition of her abilities of which she may well be proud Herr Ohliger contributed some solos for violin and Herr Hekking was heard in selections for 'cello, both these artists giving evidence of a thoroughness to maintain the reputation of the Mendelssohn Quintette club, which has been so ably sustained for over a generation by Mr Ryan"

The Mardi Gras Carnival at New Orleans, from February 25th to March 5th, this year promises to exceed in gorgeous display all previous efforts. Nothing like it has ever been seen on the American continent, and the fact that this special Carnival promises to surpass the best in years, is plainly meant a great deal. But the Carnival is not all. The city of New Orleans bears a distinct individuality and is an Ancient [illegible]. The combination of rough and river traffic at the world renowned levee, the quaint old French [illegible] and [illegible] other novelties make the trip to New Orleans one of great interest.

TEACHERS' ASSOCIATION.

Report of the Meeting of Ele[illegible] Teachers at Fountain.

FOUNTAIN, February 19, 1889.

The meeting was called to order by V. E. Rouse and after prayer by W. W. Mayo supplemented by Psalm 119 was elected Mayo president and L. B. Dyer, secretary.

The address of welcome was delivered by J. N. Cotten, president of the school board in a few well timed and interesting words to which G. W. Musser responded in his able and entertaining manner setting forth the responsibilities of the profession and showing how the teacher should occupy in comparison with the other professions. After which a committee on resolutions was appointed consisting of J. P. Jackson, Frank Cotten and V. E. Rouse.

The first subject on the programme "Literature" was very thoroughly handled by C. H. Frowine of Manitou who ably advocated the use of selections from first class authors, especially those selections on morality, history and travel.

A lively discussion followed the introduction of the subject. V. E. Rouse advocating the introduction and use of certain periodicals such as Treasure Trove, Youth's Companion and others to be used as supplementary reading. G. W. Musser thought the only first class authors should be studied thereby developing a taste for the best literature. J. P. Jackson said give the pupils easy stories and gradually lead them up to higher ideas. He also emphasized very forcibly the benefits and uses of a school library.

The next subject, that of "Mental Development," was opened by L. B. Dyer, of Rusted, in which he recognized the importance of work of the teacher.

Miss Clark, of Colorado Springs, very interestingly analyzed the three main factors in the education of the child namely, the home, the school and the street.

W. W. Mayo next introduced the subject of "Examinations and the System of Marking." He said reduce it to the minimum and advocated that the promotion of pupils be based upon the knowledge which the teacher had of their fitness. He considered the system to be a false stimulus, injuring the ambitious and not benefiting the indifferent, crowding results and not efforts. The discussion was opened by J. P. Jackson in a few well chosen words. "Success in life is measured by results." "Promotion must be grounded on advancement in school work." The discussion was continued by Miss Clark, W. Musser and others.

Miss M. Pellett followed with a clear, concise, well written paper on "Grading Public Schools," which was a fair exposition of its advantages. An interesting discussion followed, which was participated in by Superintendent Berry, L. B. Dyer and J. P. Jackson.

At the close of the discussion, on motion of G. W. Musser, a committee of three, consisting of G. W. Musser, Miss Pellett and V. E. Rouse was appointed to draft a resolution to be presented to the state legislature asking for the preparation of a course of study and system of grading for the country schools.

Then followed an interesting and able paper by G. W. Musser, subject, "Have pupils attend school, but do not teach them too much." The author advocated compulsory education for all pupils between the ages of six and sixteen, and that text books be owned and supplied by the district." A short discussion followed by Mayo and Rouse.

Owing to the late hour Superintendent Berry cancelled his duty, but gave us a very interesting talk relative to the progress of the schools.

The following report of the committee on resolutions was adopted.

Resolved, That we indorse the sentiments presented by Mr. Frowine in favor of inculcating in the minds of the pupils a taste for good literature by supplementary reading and other means and it is the further sense of this meeting that the school boards of the county should take the steps to start a school library in every district.

Resolved, That we indorse many of the criticisms upon examinations and system of marking made by Mr. Mayo, but think we deprecate the abuse of the system, and believe that examinations have been carried to excess in many places yet we believe that the judicious use of markings and occasional written examinations can be made a valuable aid to school work.

Resolved, That we indorse the sentiments of Mr. Musser's paper upon compulsory education, and believe that all children between the ages of seven and fifteen years should be compelled by law to attend school for at least sixteen weeks in each year.

Resolved, That it is the sense of this meeting that the legislature should make the duty of the state board of education to prepare a graded course of study for the country schools of the state, and that it shall be made obligatory upon the part of the school board and teachers to adopt and execute the same.

Resolved, That we heartily indorse the plan of holding meetings in different school districts, for the discussion of educational topics, and believe that much good is accomplished by awakening interest in the public schools on the part of both teachers and patrons.

Resolved, That we compliment the school board and citizens of Fountain upon their zeal in the education of the youth as manifested by their attendance and interest in this meeting.

J. P. JACKSON,
FRANK COTTEN,
V. E. ROUSE,
Committee.

V. E. Rouse offered the following resolution in behalf of the people of Fountain.

Resolved, That we, the people of Fountain appreciate the interest manifested by the visiting teachers and are thankful for the pleasant and profitable session just closed and that we cordially welcome them again at any future time. Carried.

MONUMENT MATTERS.

Miss Jennie Quereau, of Colorado Springs is the guest of relatives here.

Mrs. Harry Chichester of Minneapolis is visiting her mother, Mrs. [illegible] of this place.

Charles J. Duffy brother of our post master, is a visitor at Monument. Mr. Duffy comes this way back from Waterloo, Wisconsin to Routt, Colo.

The weather for the past three days has been unusually severe at Monument. To say the least of it, a well known young gentleman of this place. The thermometer has been playing tag with zero. The thermometer registered eight degrees below zero on Monday morning, but the cold wave is now passing by.

A Sabbath School has been organized here [illegible] Chairman, [illegible] Superintendent, Miss Ella Becker; Secretary, W. Tucker; Treasurer, Miss Ella Becker. The school is in a very prosperous condition. Resolved that the success of Ralph Carson.

We understand that a project is on foot to build a reservoir lake at Monument. The site chosen is in David Gove's ranch along the creek. There is a large portion of land encircled by the creek which is to be graded down [illegible] of water in the vicinity Monument, we have a lake considerably larger than Palmer Lake. Gen. Charles Adams, Hon. D. Mustain and Henry Lake are the prime movers in the affair. A stock company is to be formed and Monument will in the near future rival her sister cities as a charming summer resort. M.

H. E. WHITTELSEY, Business Manager of the GAZETTE

The Civil Service Record says that there are about 100,000 unclassified offices under the government. Since March 4, 1885, there have been 80,000 changes in these offices.

The arrangement which has at last been reached by the conferees of the house and senate on the territorial bill makes it probable that the two Dakotas, Montana and Washington, will soon be admitted to the union.

Many pleasant things have been said about General Noble of St. Louis since his name has become prominent in connection with the cabinet. He is said to be a man of superior ability and unquestioned integrity.

At a banquet in Jersey City in honor of Tilden's birthday, one of the orators accused Abram Hewitt of being responsible for Tilden's defeat. This means that in the stormy times of 1876, Mr. Hewitt, as chairman of the democratic national committee, refused to give his consent to the revolutionary methods proposed by some members of his party.

The folly of prohibition laws which cannot be enforced is being realized by the people of Rhode Island. The following petition, signed by many of the prominent citizens of the state, has been presented in the legislature:

[illegible] gentlemen, clergymen and citizens, feeling that the [illegible] to prohibit the manufacture and sale of intoxicating liquors as a beverage is injurious to the best interests of this state as well as [illegible] of [illegible] that it has been found [illegible] and contraband and [illegible] and demands the sale of real estate, respectfully petition your honorable body to put it [illegible] the power of this state as amended to the constitution prohibiting the [illegible] and as in duty bound will ever pray.

The New York Sun in an editorial criticising Mr. Cleveland's administration says that the whole effort of the president and his adjutants has been to give to the republican party the country's clean bill of health." It bitterly complains that there have been no revelations of abuse of authority and perversions of the public funds during previous administrations. The Sun is but echoing a cry that has been on the lips of the democracy for years. Each administration since Lincoln's has been accused of fraud and corruption. Each succeeding national campaign has brought promises from the democrats that if their party were put in power and given access to the books they would [illegible] with such proofs of malfeasance in office and plunder and corruption, that the republican party would be forever disgraced and dishonored. Once in power the democrats were to make such startling revelations that public sentiment would be so thoroughly aroused as to prevent the republican party from ever again assuming the reins of power. But power came at last to the democrats. The doors of the treasury vaults stood ajar. The books lay open before them. The records and accounts of twenty-four years of republican rule were in their hands. There have been no revelations, no astounding disclosures of fraud, corruption and abuse of power. The republican party has not been dishonored and disgraced. Four years of democratic rule has failed to prove to the people that there is less of purity and patriotism in the republican party than in the democratic party. Somebody must be blamed for this failure to carry out the promises by which the people were deluded and Mr. Dana finds in Mr. Cleveland a convenient person to blame.

Commenting on the meeting of delegates from the legislatures of the western states to be held in St. Louis in March to deal with the beef combine, the New York Evening Post says:

A congress of state legislatures is a new thing in American politics. Such a gathering is in some of its aspects an incursion into the field of the national government, to deal with what is called the beef combine. The attorney of the United States also has the subject under consideration, and has, we know, a number of laws which he could cast upon it to take effect, and report upon it. This committee will hold its session at St. Louis and other [illegible] and is expected to make some kind of a report before the adjournment of congress. It is to be hoped, however, that the legislatures of Missouri, Kansas, Texas and half a dozen other states cannot wait for the action of their congressional agent, the government of the United States, but must move to take the matter in hand themselves, not individually but collectively. It is said that eleven states have already taken action to the most, if not all, whatever it may be. Naturally there is a good deal of doubt as to the steps to be taken. The real grievance is cheap beef, the cost of all the living beef. Mixed up with the genuine and pretended, is a deal of sympathy for the ranchmen on the plains, who, it is said, are selling from the low prices of cattle, and are squeezed and ground by the Dressed Beef combination to starvation. So we have for the basis and [illegible] of the syndicate of [illegible] features two real evils to be fought against, and one imaginary one, viz., cheap beef, low prices for cattle, and [illegible] inspection laws.

[illegible] Division Dial

PHILADELPHIA, February 20.—It has been learned that at a meeting held here on Sunday night of the members of Enterprise division No 321 of the Brotherhood of Locomotive Engineers it was decided that the division should disband. There was an unusually large attendance and the resolution was adopted without any delay. The division was composed exclusively of Reading railroad engineers and was one of the largest divisions in the state. A few Pennsylvania railroad engineers belonged to the division. One of the members who has been prominent as an agitator explained his unexpected vote in the affirmative by saying that he had been told by the committee that he would be discharged if he did not leave the order.

One of the committee members of the division was asked what effect the wiping out of No 32 would have upon the engineers of the Pennsylvania railroad system. He said: "I know they in common with Reading engineers, have been long since satisfied that the order had become powerless to protect their interest and of late has been simply the means of taking all of us enormously for the support of the engineers thrown out of employment by the ill advised and unsuccessful strike on the Burlington road and I have the reason to believe but that the Pennsylvania men are as tired of this as we were. There are the reasons that principally [illegible] the disbandment." The man claimed to know nothing of the threatened discharge if they did not leave the order. He had heard no reason for leaving other than that stated above.

Colorado Legislature

SENATE

DENVER, February 20.—The senate this morning referred to the committee on judiciary the bill for an act to submit to the qualified voters of the state the amendments to article 6 of the constitution.

A bill for an act to regulate the terms of the supreme court was referred to the revision committee.

H. B. No. 20, for a constitutional convention, was made the special order for next Tuesday. The senate then changed the names of the proposed new counties from Chilcott and Wolcott to Prowers and Butte. Recess.

On reassembling a communication was received from the legislature of New Mexico thanking the Colorado assembly and Senator Bartels for their kind assistance regarding the admission of New Mexico as a state. It was ordered that the message be spread upon the records of the senate.

A message was received from the supreme court, accompanied by a decision that the internal improvement fund arising from the sale of land donated to the state under the act of congress of September 4, 1881, could be used for the purpose of building reservoirs and changing the channel of natural streams.

Senator Carpenter read a communication from the county commissioners of Arapahoe county relating to S. B. No 54 and moved to reconsider the morning's vote on the bill and that it be referred to the committee of the whole. The motion was carried and the bill was replaced on the calendar.

The senate then went into committee of the whole to consider special and general orders.

S. B. No. 15, to establish the county of Adams and the county seat thereof and providing for the appointment of its proper officers and county officers was indefinitely postponed.

H. B. No. 1, to establish a soldiers and sailors' home was reported favorably for passage by the military affairs committee and was referred to the revision committee.

The committee then rose and the senate resumed, and the report of the committee of the whole was adopted. Adjourned.

HOUSE.

The house to day after receiving the reports of the standing committees went into committee of the whole on the special order, H. B. No. 196, An act declaring unlawful all trusts and illegal combinations relating production and trade and providing punishment for persons entering into such trusts.

The bill created considerable discussion between the corporation and anti-corporation sides of the house. Ebbert, Hurlburt and King defended the bill while Armitage Libby and Harris opposed it.

At the conclusion of the discussion the committee arose and recommended that the bill be indefinitely postponed.

Senate joint memorial No. 12 to congress praying for the construction of a deep water harbor on the gulf coast of Texas was passed. Recess.

In the afternoon after referring a number of bills to the proper committees, Mr. Carlile offered a resolution that the general assembly adjourn from Saturday until Tuesday next to permit the members to attend the Mardi Gras festival at Pueblo. The resolution was lost.

Grafton moved to make a special order of H. B. No. 116 for to morrow at 2:30. The motion was carried.

Adjourned.

Stock Market.

NEW YORK, February 20.—The stock market showed little animation to day though there was considerable action during the first hour, but after that time it sank into utter dullness with no movement or feature of any consequence and the net result of the day's operations is to leave the prices in most of the list almost unchanged from those of last evening.

TELEGRAPHIC BREVITIES

The president has signed the Nicaraguan canal bill.

Gladstone arrived in London yesterday and was welcomed by great throngs.

Dr. D. W. Bliss of Washington, one of the physicians who attended President Garfield, is dangerously ill.

Mr. Phelps, United States minister to England, called at the White house and had an interview with the president yesterday.

It is rumored that the sultan of Morocco has granted the regent of Germany a piece of coast near the Algerian frontier for a naval station.

The latest reports of the trouble on Flathead Indian reservation in Montana, are conflicting. The Missoula people look for serious trouble.

President Cleveland's reception yesterday afternoon was attended by over 300 persons, mostly ladies. He looked well and seemed in excellent spirits.

No information in regard to the state of affairs in Samoa has been received at the state department since the date of the president's last message to congress on that subject.

The conferees on the omnibus territorial bill have all affixed their signatures to the report as agreed upon with the exception of Mr. Barnes who has the matter under consideration. It is said that he will not oppose the bill in the house even if he does not sign it.

REAL : ESTATE!

FOR WARRENT

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 110 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 8 inch Water Pipe, connected at Chestnut street with a 16-inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $350

To $1,000 a full-size lot, 50 by 190 feet—do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages across them, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $400. They bear very nearly the same relation to

COLORADO CITY,

As the Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS

ARE MAGNIFICENT!

☞ Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

CALL HARTY! BUY SOON!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have to *Pay an Advance.*

T. W. SHERMAN, Corp'l Sig. Corps

Postoffice Inspector Branch of Denver, was in the city yesterday

Mr. C O Aiken returned to Pittsburg on last night's Santa Fe train

The notarial bond of Robert D Weir was filed with the county clerk yesterday

Meeting of Pike's Peak commandery No. 6, Knights Templar, this evening at 7 30 o'clock.

The old livery barn of the El Paso Livery company on Cascade avenue is to be used as a feed and boarding stable

Miss Lizzie Flavell and Mr. and Mrs G. W. Shaw left for California yesterday afternoon by the 4.45 Santa Fe train

Mr. F. G. Mangold went to Denver last night, having been appointed clerk of the executive committee of the legislature, of which committee Hon. H. H. Grafton is chairman.

The Salvation army will give an entertainment at their barracks on Huerfano street on the afternoon and evening of February 22d. Tickets for the supper are now being sold at 25 cents each

The revival meetings at the First Methodist Episcopal church are being continued this week with unabated success. Penitents are at the altar every night. Preaching to-night by Rev. A. C. Peck, the pastor, followed by an altar service.

Manager McLaughlin of the Denver ball team was in the city yesterday. He has not yet finished signing players for the team. Among the players that he has signed and who are known in this city are Everett A. McLaughlin and Gatschy of the old Solis club, and Uhlich of the [illegible] club of last year.

Notwithstanding the heavy expense attending the engagement of The Little Tycoon C, in company next Monday evening, Manager Nye has decided not to advance the price of admission. Tickets can now be secured at the Midland ticket office at popular prices. This should certainly guarantee them a packed house.

Mr. Frank Rudy was circulating a petition yesterday asking the council to create a fifth ward out of that part of the city west of the Monument. The [illegible] Points are to be all the territory south of the Mesa and north of Fountain creek. It is said that there are upwards of two hundred voters in that part of the city.

The El Paso Electric Light company is making extensive improvements in the machinery of its plant. Yesterday it was busy putting in a new 250 light dynamo a new exciter and a new Westinghouse engine. The offices have been moved into the cottage just east of the building and the old offices in the front have been torn out to make room for the new machinery.

Mr. A. F. Carpenter has decided to build at once four new stores on Kiowa street west of the El Paso club building. Each store will be twenty feet front by forty feet in depth, with a ten foot alley in the rear. They will have nice plate glass fronts and will be made very desirable business places of trade. Already one or two of them have been spoken for, and parties wishing to secure one or more of those remaining will do well to apply to F. G. Rowe within a few days.

To-morrow evening will be the last opportunity that our people will have this season of hearing a first-class instrumental concert. An exchange in speaking of the Boston Quintette club says, "It is needless to say that Mr. Ryan again starts his audiences with a prosperous season. It will suffice to say that the standard of the exceptional excellence of that club is not only fully maintained, but even increased, and unsurpassed in style displayed by these artists' marvellously fascinating horns, which was the delight of music admirers and dilettanti who had gathered at the Academy of Music last evening. The advantage of hearing such a performance of beautiful music so artistically rendered was incalculable. This combination of artistic skill produced the most memorable results, and we may add that in the opinion of competent performers comment on their execution is altogether superfluous. Mr. Ryan then introduced a new prima donna to the public, his prepossessing daughter. Miss Alice Ryan produced a good impression upon the audience, if we judge from the applause with which she was received."

We don't have to. We are not that near the ragged edge of disaster.

We don't bait a person on one article to bleed them on another.

We don't think we are smarter than our competitors because we had a scheme pointed out to us whereby we could buy an article a few cents less than they and we had previously been paying.

We are neither rich, rare or fancy, but we are ever on the defensive and ever ready to meet all cut prices on any article we carry in stock.

The committee on public buildings and grounds [illegible] the senate directing the presiding officer [illegible] for the arrest of Thomas D. Fister, chief clerk of the supervising architect's office, for contempt. Colonel Fister is the man who refused to tell the public building committee whether he had received money from the employes of his office for campaign purposes, giving as an excuse for his refusal that it was private business. The senate committee evidently differs with the colonel on this subject and he will be given a chance to explain before the bar of the senate just why the question of his violating a law of congress is private business.

Senator Berry of Arkansas, in a recent speech in the senate, attempted to trace a parallel between the assassination of Colonel Clayton and that of Thomas C. Hindman a prominent democrat, which occurred about twenty years ago. Senator Berry said that the republican governor of the state at the time of Hindman's murder had made no effort to catch the assassins and had not even offered a reward for their arrest. Powell Clayton, the brother of Colonel Clayton, was governor of Arkansas at the time referred to by Senator Berry. Of the facts regarding the case the St. Louis Globe-Democrat says:

The facts regarding the Hindman murder are that Governor Clayton made a proclamation soon after the killing offering a reward of $1,000 for the arrest and conviction of the culprits, and an additional reward of $500 for the arrest and conviction of each of the assassins, if there were any. A military force of the state of Arkansas at the time was actively employed there. These facts. The Globe is also aware that Hindman, at the time he was killed, was neither an [illegible] nor a candidate for any [illegible] whatever. More than this, the Globe is informed that [illegible] at the time of the killing, or at any time since then until [illegible] the past few years, ever [illegible] or had [illegible] to do with the murder of H.

The American Federation of Labor proposes to hold a series of meetings throughout the country for the discussion of the eight hour question. To-day is the first day set apart for these meetings, and the other days named are the Fourth of July, Labor day and Washington's birthday next year. The executive committee [illegible] in the call which was issued some time ago for these meetings that the federation hopes by a free and deliberate discussion to convince the people of this country of the justice of the eight hour working day. The question of the desirability of the eight hour day is a much disputed one, but this method of approaching the subject is commendable in every way. The federation is now one of the largest labor organizations in existence, and from its birth has seemed to be under the guidance of conservative men. By proposing an amicable discussion and discountenancing all appearance of violent agitation, the federation will be much more likely to enlist public sympathy with their movement than it would by resorting to the revolutionary methods so common among similar organizations. Violent methods would only arouse a determined opposition which must inevitably hurt the cause. The year of temperate discussion which the federation inaugurates to-day may end in the workingmen attaining an object which years of strikes and violent agitation have failed to bring to them. But whether the direct object in view is attained or not, the discussion, if carried on as proposed, will result in a better understanding between the employer and employe.

Yesterday John E. Kenna was elected to succeed himself as United States senator from West Virginia. This closes one of the most closely contested senatorial fights in the history of the country. General Goff, the present congressman from the First district, and republican candidate for governor in the November election, was Senator Kenna's opponent. Neither the democrats or republicans had a majority in joint session and the three labor members held the key to the situation. Ever since the legislature met early in January the only business which has been before it has been the election of a United States senator. Day after day the legislature has met, cast one or two ballots, and adjourned. General Goff, who is probably the most popular man in his party in the state has had from the first the full party strength while Kenna's forces were frequently divided, scattering their votes among half a dozen other candidates. The labor men until yesterday steadily refused to support either of the leading candidates, but finding it impossible to compromise on one of their own numbers they finally fell in line with the democrats and the deadlock was broken. It is to be regretted that General Goff was not the successful candidate. He is a man of superior ability and unquestioned integrity. He has had a long and honorable career in public life. As a soldier during the late war he served his country gallantly and faithfully. He has filled the many high offices to which he has been called in civil life with distinction and has made a record in the lower house of congress which would have been a guaranty to the people of West Virginia that they would have an honest and able representative in the senate had they elected him to that body. Senator Kenna on the other hand has made but little record for himself in the six years he has been in the senate. His voice is seldom heard in debate, and it has frequently been said that he cares more for the distinction which the name of a senator brings to him than he does for the duties of the office. West Virginia however is to be congratulated on the outcome of the long and bitter contest, the effects of which may have been seriously felt in the channels of legitimate trade and business.

SENATE

DENVER, February 21.—Before [illegible] preliminary work the following bills were passed:

S. B. No. 118, a bill to create [illegible] deprive the benefits of [illegible] education.

S. B. No. 177, to cede to the United States the jurisdiction of the state over a site for a public building within the corporate limits of the city of Pueblo in the state of Colorado, and to release the same and other property of the United States from taxation.

H. B. No. 218, relative to the district courts, etc.

A communication from the governor was read which announced that he had [illegible]

The senate then suspended operations to allow a photographer to take a picture of the members. Recess.

Upon reassembling Senator Newell asked what disposition had been made of the communication from King Rev. and moved that a committee of three be appointed to consider the communication. The president appointed Senators Newell, Poole and Betts on the committee.

The senate then went into committee of the whole and after making S. B. No. 28 (meat inspection bill) the special order for next Wednesday, at 2 o'clock, adjourned until 10 o'clock Saturday morning.

HOUSE

The house after disposing of the journal passed the following bills:

H. B. No. 4. To create the county of Frogs from the southeastern corner of Las Animas county.

H. B. No. 6. To create the county of Carico from the northeastern portion of Las Animas county.

H. B. No. 261. To amend the statute entitled "towns and cities." It provides that cities of the second class shall elect mayors for the term of one year beginning with the current year.

H. B. No. 156. To amend an act concerning county government so as to give county judges at least $500 per year was defeated at first but Mr. Libby moved a reconsideration vote which was carried. Mr. Libby then explained the objects of the bill and strongly presented reasons for its passage. On the second vote the bill passed, 34 members voting for it.

H. B. No. 197, to amend the act entitled "Towns and Cities" so as to make it conform to the constitution.

H. B. No. 142, to amend the game law [illegible] the governor to appoint fish and game wardens, to secure a more effective enforcement of the statute for the protection of fish and game.

H. B. No. 207, appropriating the sum of $18,000 for the construction of an addition to the main college building and for furnishing the same and to construct and furnish a building for a horticultural department at the state agricultural college.

H. B. No. 153, to amend an act concerning juries in the justice's courts.

H. B. No. 200, to provide for the management of the estates in Colorado of lunatics residing outside of the United States.

H. B. No. 107, to create the county of Rio Blanco from the western end of Garfield county with Meeker as the county seat, passed.

In the afternoon H. B. No. 116 (the high license bill), was taken up and after a long discussion was postponed until next Tuesday.

Eddy offered a resolution that the judiciary committee be instructed to inquire whether cities in Colorado having special charters will be affected by the above mentioned bill and report before 2:30 p. m. next Tuesday. The resolution was adopted.

S. B. No. 36, an act to establish a state board of pardons, was laid on the table in compliance with the report of the penitentiary committee.

Adjourned.

The Govern[illegible] Will.

PHILADELPHIA, February 21.—The trial of the civil suit of the government brought to recover $1000 penalty from Joseph and John Lees (trading as James Lees & Sons), for the alleged importation of contract labor at their mill at Bridesburg, Pa., before Judge Butler in the United States district court, resulted in a verdict for the government to the amount of the penalty sued for.
